

## Timeline of Shoes

Provide a reason as to why people might have worn the following types of shoes during each of the time periods listed.

During the 16<sup>th</sup> and 17<sup>th</sup> centuries, people in Europe wore *chopines*.

During the 17<sup>th</sup> and 18<sup>th</sup> centuries, Europeans wore shoes with aristocratic heels.

After the French Revolution, heels dropped out of style and people started to wear flats.

With the creation of wide paved boulevards in the mid 1800s women wore sturdier footwear.

After the stock market crash in 1929, Hollywood stars wore shoes with the most inventive heels and platforms
